

# DO YOU HAVE COPD?

STABILISE is a clinical trial looking for participants who have COPD and have had at least 2 exacerbations in the last 12 months. STABILISE aims to find out if the vaccine for tuberculosis (BCG) could help reduce the rate of exacerbations in people with COPD.

If you are interested in participating in the STABILISE trial, please contact the research team using the details below:

Telephone: 0121 415 9123

Email: [STABILISE@trials.bham.ac.uk](mailto:STABILISE@trials.bham.ac.uk)

---

If you have COPD but are not interested in participating in STABILISE and wish to tell us why or discuss your views on vaccinations

Contact the interview team at the University of Birmingham:

Telephone: 07811 650647 Email: [R.L.Adams@bham.ac.uk](mailto:R.L.Adams@bham.ac.uk)
