

## **FOR PATIENTS OF MARTLESHAM HEATH SURGERY**

First some staffing changes. Following on from the imminent retirement of two of the receptionist staff, the surgery has successfully appointed two new receptionists (Lucy and Suzanne) - both are in training and should be fully in post by end September. The surgery also has two paramedics in post now: Kieron Godby and Phil Strich. They cover the whole week and will be looking after minor illness appointments.

At the time of writing, the flu vaccines have arrived, due to be given during September. The PPG gave its support by organising volunteers to help with the Saturday clinics and we are most grateful to all those who responded to our call. Thank you.

For further information, it's always worth checking the surgery website at [www.mhdoctors.co.uk](http://www.mhdoctors.co.uk)

Prue - Chair, Martlesham Heath PPG
